Under the Sea with MES & BSOR...

On Thursday the 6th Of May, **MES & BSOR** had their first big event of the year: the **Above & Below the Sea Booze Cruise**.

This turned out to be a huge success with various sea themed outfits including sailors, pirates, lifeguards, jellyfish, more sailors, sea litter, and even wonderfully dressed sharks. It was definitely a night to remember, packed with drunken memories and wonderful photos!

Also, a big Thank-you to Shane our fabulous DJ for the night, the music was perfect...

STD Alert!!!

On the 31st of March, **Parasoc** held the first **STD** (single degree students/transition students/double degree students) **Night**, an event with the aim to introduce paramedic students from different year levels and different entrance pathways.

Around 70 people attended and enjoyed a pot and parma, of which Parasoc subsidised some of the cost. A few games were played to encourage mingling with other students, with prizes including one litre bottles of alcohol.

Parasoc would like to thank all those who attended, and also invites students to attend up-coming **Parasoc** events for the opportunity to meet some of your fellow classmates.

Fair Trade - Make the choice today!

Fairtrade is about better prices, decent working conditions, local sustainability, and fair terms of trade for farmers and workers in the developing world. By requiring companies to pay sustainable prices, Fairtrade addresses the injustices of conventional trade, which traditionally discriminates against the poorest, weakest producers. It enables them to improve their position and have more control over their lives.

With every cup of Fairtrade coffee drunk or every Fair Trade gift given, we are helping to make a difference to farmers and workers, artisans, their families and communities. With your involvement that number can grow.

Did you know that every coffee you buy at our Meeting Point Cafe is made from Fair Trade coffee beans? MONSU is committed to helping this rewarding campaign and invite you to join in as well!

Every voice and every action counts. Start your journey into Fairtrade and trade justice here! For more information on how you can get involved, please visit:

The "Coolest" Party of 2010

I think it's safe to say that the **MONSU Peninsula Winter Wonderland Party** was our "coolest" party yet! Everyone looked stunning in their white or wintery costumes, which made for some very funny photos. Don't forget to tag yourselves in all of the photos by following the links below!

The highlight of the night, was most definitely our "beautiful" ice sculpture, which delivered icy cold shots of Vodka! The hundreds of free mini ice creams that were handed out during the night also caused a great deal of excitement. See you all at the next MONSU event!
